

09 DODGE RAM 1500 **ACCESSORIES**

Quick Reference Guide

AUTHENTIC DODGE ACCESSORIES

Parts Managers:

As a company, we are very excited about the new Dodge Ram. At Mopar, we are just as excited about all the accessory options we are offering to your Ram customers. This Quick Reference Guide includes all the great accessories for the Ram so you can be prepared when your customers are customizing their new trucks.

As you'll see in this guide, customers can count on all the Authentic Dodge Accessories by Mopar that they have in the past and will be pleased to see that we have a few new accessories to offer. For instance, we will be offering Bed Caps in partnership with Leer, the industry-leader in bed caps. To help customers use their truck beds to the fullest, we are offering Pickup Box Utility Rails (currently available on Dodge Dakota from the factory). These rails accommodate Sport Utility Bars (which you're familiar with in its roof-mount version) which are the base for Bike Carriers, Ski Carrier, and Cargo Basket (which creates a double load floor). The Pickup Box Utility Rails also accommodates a Tool Box that slides along the rails for added convenience. In addition, we've developed Cargo Ramps to fit all Ram trucks and a Cargo Management kit for the new RamBox. We've also redesigned the Body Kit to fit the new truck styling and are now offering a Performance-style Hood to help customers really set their Ram apart.

Of course, we have a full complement of accessories that customers have come to count on. And since Chrome is always in style we offer Chrome Fuel Doors, Chrome Exhaust Tips, Chrome Grille Inserts, Chrome Bed Side Rails, Chrome Front Air Deflectors, and new 5" Chrome Tubular Side Steps. And speaking of side steps, your customers can choose from Aluminum Running Boards and Wheel-to-wheel Tubular Side Steps as well as the new Stirrup Side Steps. To put the finishing touch on chrome accessories, make sure your customers know about our 20" Chrome Wheels, Polished Wheels and Machined Face Wheels.

As usual, you can offer your customers a full lineup of Tonneau covers including the Fiberglass, Hard Folding, Soft Snapless, and Tri-fold. You can also count on a choice of bed protection products such as Skid Resistor Bedliners, Bed Mats and Bed Rugs. Keep in mind your customers truck configuration (cab size, bed length, bed type) because not every side step or Tonneau cover is available in every configuration.

It's an electronics age and we have a few things your customers, families and professionals, will like. Let your customers know they can find their way with navigation systems by Garmin, and can show movies with the new Head Restraint DVD Rear Seat Video system. That's not everything, so take the time to review this guide and see the whole lineup. Feel free to send your customers to www.mopar.com.

We believe customers are going to love the new Dodge Ram and together we can give customers all the accessories they want to make their truck unique and special.
